NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

Accounting principles

a) General information

The Union des Associations Européennes de Football (hereafter UEFA) is an international non-governmental, not-for-profit organisation in the form of an association according to Swiss law and is domiciled in Nyon, Switzerland. As at 30 June 2020, UEFA consisted of 55 member associations. It is a confederation recognised by FIFA.

UEFA's main objectives (Article 2 of the UEFA Statutes) are to:

- deal with all questions relating to European football;
- promote football in Europe in a spirit of peace, understanding and fair play, without any discrimination on account of politics, gender, religion, race or any other reason;
- monitor and control the development of every type of football in Europe;
- organise and conduct international football competitions and tournaments at European level for every type of football whilst respecting the players' health;
- prevent all methods or practices which might jeopardise the regularity of matches or competitions or give rise to the abuse of football;
- promote and protect ethical standards and good governance in European football;
- ensure that sporting values always prevail over commercial interests;
- redistribute revenue generated by football in accordance with the principle of solidarity and to support reinvestment in favour of all levels and areas of football, especially the grassroots of the game.

b) Basis of preparation of the financial statements

The consolidated financial statements of UEFA and its subsidiaries (hereafter the group) are presented in euros (€/EUR), as this is the currency of the primary economic environment in which the group operates.

Foreign operations are included in accordance with the policies set out in note d) (foreign currencies).

The consolidated financial statements have been prepared in accordance with the Swiss Code of Obligations, the association's by-laws and the accounting policies described hereafter. They have been prepared on an accrual basis and under the historical cost convention.

Certain figures from the previous year have been reclassified for comparison purposes and greater transparency.

c) Basis of consolidation

Name	Country of	Consolidation	Cha	Chara canital		Ownership	
Name	incorporation method		Share capital		30 June 20	30 June 19	
Union des Associations Européennes de Football	Switzerland	Fully consolidated	Ultimate parent company		any		
UEFA Events SA	Switzerland	Fully consolidated	CHF	4 000 000	100%	100%	
UEFA Club Competitions SA	Switzerland	Fully consolidated	CHF	100 000	99.9%	99.9%	
EURO 2016 SAS (in liquidation)	France	Fully consolidated	EUR	50 000	95%	95%	

The consolidated financial statements of the group incorporate the financial statements of UEFA and the entities controlled by UEFA.

Control is achieved where UEFA has the power, directly or indirectly, to govern the financial and operating policies of an entity so as to obtain benefits from its activities. This is the case where UEFA holds more than 50% of the voting rights. The entities included in this consolidation are shown in the table.

The financial statements of the subsidiaries are included in the consolidated financial statements from the date that control commences until the date control ceases. Where necessary, adjustments are made to the financial statements of the subsidiaries to bring the accounting policies used into line with those used by the group. The equity and profit attributable to minority shareholders' interests are immaterial.

The book value of investments has been eliminated against the share in the net assets of the companies, valued at the time of the acquisition or creation. The purchase method of accounting is used to account for the acquisition or creation of subsidiaries by the group.

All inter-company balances and transactions, as well as any unrealised gains and losses arising from transactions between group companies, are eliminated when preparing the consolidated financial statements.

d) Foreign currencies

The books of UEFA and its subsidiaries are kept in euros. Transactions in currencies other than the euro are recorded at the daily rate of exchange prevailing on the dates of the transactions.

Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the income statement. Net unrealised gains on the translation of non-current monetary assets and liabilities are deferred in the balance sheet through a corresponding expense recognised in the income statement under financial income.

The foreign exchange rates used are as follows:

Currency	30 June 2020	Average 2019/20	30 June 2019	Average 2018/19
EUR/CHF	1.0695	1.0804	1.1093	1.1353
EUR/GBP	0.9134	0.8781	0.8971	0.8820
EUR/USD	1.1242	1.1051	1.1366	1.1418

e) Income statement

The consolidated income statement is structured as follows:

- revenue
- expenses
- solidarity payments
- financial income and costs
- taxes

Expenses are related to the organisation of competitions by the group as well as to the administration of UEFA. For accounting purposes, UEFA competitions are split into three categories, as follows:

- competitions played on an annual basis, such as the UEFA Champions League and the UEFA European Under-19 Championship;
- final tournaments played every two or four years, such as the UEFA European Under-21 Championship final tournament and the UEFA European Football Championship final tournament (UEFA EURO);
- European Qualifiers played over two seasons for UEFA EUROs and the FIFA World Cup, UEFA Nations League and friendlies

f) Revenue recognition

Revenue is recognised to the extent that it is probable that the group will derive economic benefit from it and that the revenue can be reliably measured.

Football-related revenue consists primarily of the following items:

 media rights (e.g. broadcasting, satellite transmission and unilateral services, i.e. additional services provided to broadcasters, such as camera feeds, commentary and pitchside positions)

- commercial rights (e.g. sponsorship, licensing and value-in-kind)
- tickets
- hospitality
- other revenue (e.g. fines, FIFA Forward programme, membership and entry fees as well as non-football-related revenue)

Revenue related to competitions as described in note e) (income statement) is recognised as follows:

- Competitions played on an annual basis: recognised in the income statement for the period when the vast majority of the competition matches are played. In cases where the competition is played partly in the following period, by applying the substance over form principle and in order to enable the user of the financial statements to have a full picture of the financial result of the competition, the revenue is fully recognised during the period in which the competition started.
- Final tournaments played every two or four years: deferred and recognised in the income statement for the period when the vast majority of the tournament matches are played. In cases where the competition is played partly in the following period, by applying the substance over form principle and in order to enable the user of the financial statements to have a full picture of the financial result of the competition, the revenue is fully recognised during the period in which the competition started.
- European Qualifiers played over two seasons for UEFA EUROs and the FIFA World Cup, UEFA Nations League and friendlies: recognised in the income statement based on the number of matches played (percentage of completion accounting method).

Advance payments received by UEFA prior to the date of revenue recognition are deferred to the balance sheet as they may be repayable, in whole or in part, to UEFA partners and fans up to completion of the competition. Interest earned on instalments received is for the benefit of UEFA and is recorded as financial income.

Cumulative deferred revenue is shown in the balance sheet as deferred income. Deferred revenue related to competitions taking place in more than 12 months' time is presented under non-current liabilities.

Although these are not financial transactions, UEFA shows value-in-kind benefits from commercial contracts (e.g. sportswear, technical equipment, beverages and transport) in the income statement under commercial rights revenue, and value-in-kind expenses under other event expenses.

g) Expenses

Total expenses are the gross outflow of economic benefits that arise from the ordinary activity of organising an event as well as from UFFA administrative activities

Total expenses consist primarily of the following items:

- distribution to participating teams (clubs and associations)
- contributions to associations (member associations and other confederations)
- event expenses (direct event expenses, broadcast and media, marketing, promotion, publications, hospitality and other event expenses)
- referees and match officers (entitlements, travel and accommodation)
- information and communications technology
- employee salaries and benefits
- depreciation and amortisation of non-current assets
- other expenses (travel, accommodation and daily allowances, consultancy and legal advice, outsourced translations and interpreters, office running expenses, building maintenance and security)

Expenses related to competitions played on an annual basis as defined in note e) (income statement) are recognised in the income statement for the period during

which the matches or events of a given competition take place.

Expenses related to competitions taking place in future periods are deferred and recognised in the income statement for the period when the vast majority of the final tournament matches are played or, for the European Qualifiers, UEFA Nations League and friendlies, according to the number of matches played within the corresponding season (percentage of completion accounting method).

Cumulative deferred expenses are shown in the balance sheet as deferred competition costs. Deferred expenses related to competitions taking place in more than 12 months' time are presented under non-current assets.

h) Employee salaries and benefits

Statutory retirement benefits are provided in the countries where the group operates. Payments made to statutory retirement benefit plans are recognised in the income statement as they fall due.

The group has additionally set up a pension plan with defined contribution characteristics for all employees of its Swiss entities. This scheme also covers the risks of premature death and disability through insurance agreements. The pension plan is funded by contributions from employees and the relevant group companies (employer). Accordingly, the plan is accounted for as a defined contribution plan and corresponding payments are charged to the income statement as an expense as they fall due.

Salaries and benefits for temporary staff are paid through employment agencies.

Employee salaries and benefits also include compensation for active members as well as post-service compensation to long-serving former members of the UEFA Executive Committee. In accordance with Swiss law, these compensations are subject to Swiss witholding tax.

i) Leases

Leases where the group does not retain substantially all the risks and rewards of ownership of the assets are classified as operating leases. Operating lease expenditure is expensed on a straight-line basis over the lease terms.

No assets are acquired under finance lease agreements.

j) Solidarity payments

Solidarity

Solidarity is recognised as an expense once the revenue financing these payments is secured, which means when the corresponding competition revenue is recognised as income. UEFA makes solidarity payments to associations and clubs for their activities, as stipulated in the respective regulations.

This solidarity scheme is financed from two different sources of net income and includes the following payments:

- From UEFA EURO earnings:
 - 1. in favour of the HatTrick programme for member associations, to finance investment projects such as infrastructure development or refurbishment and to co-finance ordinary tasks, as well as to offer incentive payments (e.g. participation in non-elite competitions, UEFA referee and coaching conventions, club licensing system);
 - 2. in favour of member associations for extraordinary projects following the approval of the Finance Committee:
 - 3. to clubs participating in the success of the UEFA European Football Championship through the participation of some of their players.
- From UEFA's main club competition earnings:
 - 1. UEFA Champions League/UEFA Europa League: to clubs eliminated in the preliminary stages of those two club competitions;
 - 2. UEFA Champions League: to non-participating clubs, with payments coordinated and channelled through the leagues and aimed at supporting youth development activities in professional football. Payments are made through the member associations in countries with no professional league;
 - 3. UEFA Champions League: a cross-subsidy is made to co-finance the HatTrick programme in favour of member associations.

Donations

UEFA makes donations to associations in distress as well as to other non-governmental organisations according to an approved portfolio structure. This includes the UEFA Foundation for Children. The expenses are recognised on an accrual basis in the income statement once communicated externally.

k) Financial income and costs

The financial income and financial costs positions include the following:

- financial income, consisting of interest income from interest-bearing assets, fair value gains on marketable securities as well as realised and unrealised foreign exchange gains from operating and investing activities;
- financial costs, comprising fair value losses from marketable securities, realised and unrealised foreign exchange losses from operating and investing activities, as well as asset management costs and bank charges.

I) Hedging activities

Financial instruments held for hedging activities are recognised at their transaction date and offset against their underlying items. The value of unrealised hedging contracts as at the closing date is disclosed under Other notes to the financial statements.

m) Taxes

UEFA's corporate taxes in Switzerland conform with a tax ruling applying to international sports organisations located in the canton of Vaud. Its subsidiaries in Switzerland are taxed according to the rules and rulings applying to service companies. Subsidiaries in foreign countries are taxed according to the local rules and rulings.

Tax expense represents the sum of the tax payable in the current year.

Current tax is the expected tax payable on the taxable income for the year using ordinary tax rates applicable to an association or a corporation respectively.

n) Cash and cash equivalents

Cash and cash equivalents include:

- cash in hand
- cash at bank
- deposits held at call with banks
- other short-term, highly liquid and easily convertible investments with original maturities of less than three months

Cash in foreign currencies is the result of payments received from partners with whom contracts were concluded in foreign currencies. As a result, the group performs a natural hedging of its foreign exchange exposure by endeavouring to match its cash currency portfolio with its liabilities in foreign currency.

o) Financial assets

Financial assets are recognised in the balance sheet as described below when the group becomes a party to the contractual provision of the instrument.

Receivables and loans

Receivables are recognised in the accounts at fair value, which corresponds to the amount invoiced, less any deductions. Loans and other receivables are recognised at nominal value.

A provision for impairment is established when there is objective evidence that the group will not be able to collect all amounts due according to the original terms of the receivables.

Receivables and loans with maturities of less than 12 months are shown under current assets, and those with maturities greater than 12 months under non-current assets.

Bank term deposits and marketable securities

Bank term deposits up to 12 months, marketable securities readily convertible to cash, corporate bonds, medium-term notes and European commercial papers are recognised and derecognised on a trade date when the group commits to purchase or sell those

financial instruments. They are initially recognised in the balance sheet at fair value, which corresponds to the transaction price. They are subsequently measured on a portfolio basis at amortised cost using linear depreciation, less provision for impairment. The fair value of those instruments is stated under the notes and explanations to the balance sheet.

Long-term securities

Long-term securities are recognised and derecognised on a trade date when the group commits to purchase or sell those securities. UEFA acquires only products issued by reputable institutions with a good rating and for which repayment at maturity is guaranteed at least at the level of the capital invested.

These products held to maturity are recognised in the balance sheet at nominal value, i.e. the capital guaranteed. The fair value of these assets is stated under the notes and explanations to the balance sheet.

p) Property and equipment and intangible assets

Asset	Depreciation period
Land	No depreciation
Buildings – constructions	40 years
Buildings – renovations	10–20 years
ICT equipment	3 years
Office equipment	3–5 years
Intangible assets	3–6 years

The group's accounting policy with regard to tangible and intangible assets is as follows:

- Property and equipment: land, buildings, pitches, office equipment and computer hardware are stated in the balance sheet at historical cost less accumulated depreciation. Subsequent expenditure is capitalised only if it increases the future economic benefits embodied in the related item.
- Intangible assets: computer software and other intangible assets are stated in the balance sheet at historical cost less accumulated amortisation.

All other expenditures, repairs and maintenance are recognised in the income statement as an expense as incurred.

Depreciation on assets is calculated using the straight-line method over the estimated useful life, which is as set out in the table above for the main categories.

Any gain arising on the disposal of an asset is determined as the difference between the sales proceeds and the carrying amount of the asset, and is recognised in the income statement.

q) Payables

Payables are not interest bearing and are stated at their nominal value. Payables to associations are also recorded under payables in the balance sheet and represent mainly interest-free current accounts in favour of and at the disposal of UEFA member associations. The EURO pool is derived from European Championship final round earnings and was established to finance future solidarity projects and payments in favour of European football.

r) Provisions

The group records provisions in the following situations:

- when it has an obligation, legal or constructive, to satisfy a claim and it is probable that an outflow of resources will be required;
- when a risk exists at balance sheet date: the corresponding risk provision is adjusted at year-end based on an internal analysis to match the group's risk exposure;
- when imminent special projects are approved prior to the balance sheet date and are already under way.
 In the following year(s), the cost of such projects is included in the income statement as incurred, however, an equal reversal of the provision is recorded in the same period.

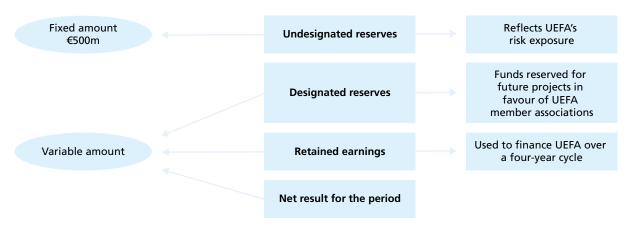

Note r) (provisions) includes, in particular, the provision derived from the last EURO results and established to finance the HatTrick programme, as defined in note j) (solidarity payments). Amounts are reclassified as payables as soon as the national association fulfils the requirements for receiving the payments. The provision is in favour of all UEFA member associations in order to co-finance their ordinary tasks and to finance capital expenditure, equipment and other investments essential for their operations. The overall HatTrick programme is approved by the UEFA Executive Committee and acknowledged by the UEFA Congress. The HatTrick Committee is responsible for approving and monitoring individual projects at association level on the basis of the HatTrick regulations. UEFA has determined which part of the programme is financed from EURO final tournaments and which part from the UEFA Champions League. Expenses related to each part of the programme are recognised as an expense at the

same time as the income of the financing competition is recognised.

In addition to the HatTrick programme, the UEFA Champions League pool is made available to non-participating clubs with the aim of supporting youth development activities in professional football. For that purpose, the leagues (or the associations themselves if no league exists) have to submit a concept to UEFA to demonstrate the use of these funds. Once approved, the available amount is transferred under payables.

s) Reserves

UEFA's reserves include the following items:

The way of presenting the consolidated reserves was implemented retroactively as from 1 July 2011 and acknowledged by the 2012 UEFA Congress in Istanbul, in particular the creation of undesignated reserves with a fixed amount reflecting UEFA's risk exposure. The current exposure is evaluated at €500 million.

t) Risk management

The group's activities expose it to a variety of financial (mainly foreign-currency-related) and non-financial risks. The group's overall risk management programme focuses also on the unpredictability of financial markets and seeks to minimise potential adverse effects on the group's financial performance.

Risk assessments are performed and define UEFA's minimum reserve requirements. These are an integral part of the strategic financial outlook.

Financial assets are monitored on a monthly basis, in accordance with the investment policies described in note u) (investment policy), supported by the Finance Committee and experts, such as the investment panel and UEFA's advisory banks.

Foreign currency risk

UEFA incurs foreign currency risk primarily from future cash inflows from revenue denominated in a currency other than the euro, which is the base currency for future cash outflows such as distributions to participating teams, event expenses, development projects and solidarity payments. The major currencies giving rise to currency risk are the Swiss franc, the British pound and the US dollar.

Foreign exchange policy

Cash in foreign currencies is the result of payments received from partners with whom contracts were concluded in foreign currencies. As a result, the group performs a natural hedging of its foreign exchange exposure by endeavouring to match its currency portfolio with its liabilities in foreign currency.

If additional currency exposure exists, incoming payments in currencies other than the euro and the Swiss franc are converted at spot rate on the day when payments are received. To give an averaging effect, staggered payment dates are agreed with UEFA's partners during the lifetime of these contracts. Conversion at different dates spread over the duration of UEFA's contracts has proved to achieve the best possible results and mitigates the risk of taking difficult decisions with an impact over too long a period.

However, in the case of UEFA's main competitions, hedging contracts can be concluded to limit currency exchange risks in relation to distribution to the clubs. Hedging activities are recognised as described in paragraph I) (hedging activities).

COVID-19

UEFA's management has evaluated the financial risks associated with the pandemic. The risk of future competitions played with a limited number of spectators or being cancelled may lead to a significant decrease in revenue with important reimbursements to football partners and ticket holders. The corresponding distribution and solidarity payments might be reduced accordingly to ensure the continuity of UEFA's activity.

u) Investment policy

Security is the first priority and guiding principle for dealing with UEFA's financial assets. Diversification within various asset classes and among an optimum number of top-rated counterparties is considered the most important and effective way to best safeguard UEFA's assets. For long-term securities, UEFA invests in structured products with unconditional 100% capital protection.

As a second priority, the daily liquidity of funds must be consistent with UEFA's distribution and solidarity payments, as well as with large capital expenditure and the day-to-day activities of the UEFA administration.

Consequently, return on investment is the third priority.

		€000	2018/19 €000
	This section provides details of the most important items in the consolidated income statement, established in accordance with the accounting principles described in this financial report.		
1.	Media rights		
	UEFA EURO	0	0
	European Qualifiers, UEFA Nations League and friendlies	271 163	578 897
	UEFA Champions League / UEFA Super Cup	2 051 351	2 406 971
	UEFA Europa League	267 399	309 117
	Other competitions	3 379	14 408
	Total	2 593 292	3 309 393
	Revenue from other competitions includes the women's, Under-21, youth, amateur and futsal competitions and may vary significantly from one financial year to the next, given that some competitions are not organised on a yearly basis.		
	In 2019/20, revenue is affected by the reduced number of club competition matches and the postponement of UEFA EURO 2020 to 2021 due to the pandemic.		
	The comments above also apply to commercial rights.		
2.	Commercial rights		
	UEFA EURO	0	85
	European Qualifiers, UEFA Nations League and friendlies	8 161	18 383
	UEFA Champions League / UEFA Super Cup	363 589	409 437
	UEFA Europa League	44 053	48 887
	Other competitions and activities	2 008	1 220
	Total	417 811	478 012
3.	Tickets		
	UEFA EURO	0	0
	UEFA Nations League Finals	0	6 122
	UEFA Champions League / UEFA Super Cup	3 528	15 920
	UEFA Europa League	0	4 108
	Other competitions	0	727
	Total	3 528	26 877
	The ticket revenue decrease in 2019/20 is due to the club competition finals being played behind closed doors.		
	The above comment also applies to hospitality.		

		2019/20 €000	2018/19 €000
4.	Hospitality		
	UEFA EURO	0	0
	UEFA Nations League Finals	0	1 032
	UEFA Champions League / UEFA Super Cup	256	20 805
	UEFA Europa League	0	1 561
_	Total	256	23 398
5.	Other revenue		
_	Fines	9 608	9 858
	FIFA Forward programme	10 947	8 261
	Membership and competition entry fees	11	11
	Other football-related revenue	1 158	344
	Other non-football-related revenue	1 627	1 037
	Total	23 351	19 511
	Income from fines is used to finance various social responsibility projects, UEFA's disciplinary bodies and integrity projects.		
	Non-football-related revenue includes indemnities and concessions, sales of match		
	programmes, as well as resale of equipment.

8. Event expenses		
Direct event expenses	33 143	42 771
Broadcast and media	37 111	47 941
Marketing	80 515	97 968
Promotion	2 741	5 520
Publications	1 484	1 498
Hospitality	5 454	14 527
Other event expenses	20 890	29 521
Total	181 338	239 746
Direct event expenses include costs such as contributions to local organisers, stadium rental and infrastructure, security, venue management, event material, as well as signage production and implementation. Broadcast and media reflects the cost of media content productions (including digital) and filming of matches or draws where UEFA acts as host broadcaster. In addition,		
for UEFA's main club competitions and for other televised competitions, the cost of graphics and information services, media officers and monitoring, and broadcaster servicing are included in this subtotal.		
Sales commissions, tendering expenses, monitoring and research, branding and rights protection are grouped under Marketing.		
Promotion includes expenses for mascot creatives, gifts, music production and event promotion (e.g. fan zones and festivals).		
Hospitality refers to catering, decoration, signage and all other services made available to corporate guests, sponsors and officials at matches, with a higher significance at venues of finals of club competitions as well as national team competitions.		
Finally, Other event expenses consist of event logistics, trophies, medals and awards, uniforms, value-in-kind expenses, non-recoverable foreign VAT and event-related insurances.		
A breakdown by competition is not disclosed because it is not meaningful as event expenses are used not only for competitions, but also for other events and conferences or even for governing expenses (e.g. publications, gifts and meeting facilities).		
9. Referees and match officers		
Referees	22 056	23 471
Contribution to associations for referee costs	5 000	5 078
Delegates and venue directors	8 320	8 808
Doping controls	1 822	2 095
Insurances for referees and match officers	181	176
Total	37 379	39 628
This total includes all referee and match officer expenses such as entitlements, travel, accommodation and daily allowances.		
Breakdown by competition:		
UEFA EURO	0	0
European Qualifiers, UEFA Nations League and friendlies	3 532	5 356
UEFA Champions League / UEFA Super Cup	10 882	11 072
UEFA Europa League	10 566	11 620
Other competitions	12 399	11 580
Total	37 379	39 628

			2019/20 €000	2018/19 €000
0. Information and communications technology				
Computer solutions			49 708	42 323
Web production			3 873	7 488
Total			53 581	49 81
Computer solutions comprise computer hardware, data stora and enterprise software (e.g. FAME, ERP). They enable users t transmit information.				
The Web production total refers to costs related directly to UE	EFA websites.			
The total in the table does not include costs such as capitalised travel and office running expenses.				
1. Employee salaries and benefits				
Salaries and social charges			127 086	108 770
Temporary agency staff			1 680	2 38
Subtotal – annual expenses			128 766	111 15

b) Loans		
Bridging loans to associations	51 832	29 24
Mortgages in favour of UEFA staff members	23	4
Total	51 855	29 28
Interest-bearing bridging loans were granted in exceptional cases to provide funding for essential infrastructure for the long-term benefit of member associations or to advance HatTrick investment payments with the approval of the HatTrick Committee, creating a win-win situation for the member associations and UEFA.		
Mortgages to UEFA staff members have been granted according to specific regulations and with the usual guarantees (e.g. mortgage certificate in favour of UEFA). The yield on this asset is higher than the actual conditions on the money market.		
c) Long-term securities

– thereof non-current portion	4 601	474
The organisational costs of competitions that will be played in the coming seasons are capitalised in accordance with the principles described in note g) (expenses) of the accounting principles, whereby expenses related to final rounds are deferred and recognised in the income statement for the financial year when the vast majority of the tournament matches are played.		
Due to the postponement of UEFA EURO 2020, deferred competition costs will be recognised in 2020/21.

To the Congress of

Lausanne, 3 December 2020

Union des Associations Européennes de Football (UEFA), Nyon

Report of the statutory auditor on the consolidated financial statements

As statutory auditor, we have audited the consolidated financial statements of Union des Associations Européennes de Football (UEFA), which comprise the balance sheet, income statement, cash flow statement, statement of changes in reserves and notes, pages 2 to 28, for the year ended 30 June 2020.

Executive Committee's responsibility

The Executive Committee is responsible for the preparation of the consolidated financial statements in accordance with the requirements of Swiss law and the consolidation and valuation principles as set out in the notes. This responsibility includes designing, implementing and maintaining an internal control system relevant to the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error. The Executive Committee is further responsible for selecting and applying appropriate accounting policies and making accounting estimates that are reasonable in the circumstances.

Auditor's responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Swiss law and Swiss Auditing Standards. Those standards require that we plan and perform the audit to obtain reasonable assurance whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers the internal control system relevant to the entity's preparation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control system. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made, as well as evaluating the overall presentation of the consolidated financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements for the year ended 30 June 2020 comply with Swiss law and the consolidation and valuation principles as set out in the notes.

Report on other legal requirements

We confirm that we meet the legal requirements on licensing according to the Auditor Oversight Act (AOA) and independence (art. 69b CC in relation to art. 728 CO) and that there are no circumstances incompatible with our independence.

In accordance with art. 69b CC in relation to art. 728a paragraph 1 item 3 CO and Swiss Auditing Standard 890, we confirm that an internal control system exists, which has been designed for the preparation of consolidated financial statements according to the instructions of the Executive Committee.

We recommend that the consolidated financial statements submitted to you be approved.

NOTES TO THE FINANCIAL STATEMENTS OF UEFA

Accounting principles

The Union des Associations Européennes de Football (hereafter UEFA) is an international non-governmental, not-for-profit organisation in the form of an association according to Swiss law and is domiciled in Nyon, Switzerland.

These financial statements have been prepared in accordance with the Swiss Code of Obligations (Art. 957 to 963b CO).

The accounting principles adopted in the preparation of the statutory financial statements are consistent with those followed in the preparation of UEFA's consolidated financial statements. Accounting policies not specified in the Swiss Code of Obligations relate to revenue recognition methods used for:

- Annual competitions: revenue recognised during the period in which the competition takes place.
- Final tournaments played every two or four years: revenue fully recognised during the period in which the competition started.

• European Qualifiers: revenue recognised based on the percentage of completion, according to the number of matches played.

The stand-alone financial statements of UEFA are presented in euros, but have also been audited in Swiss francs. These financial statements in Swisss francs and the report of the statutory auditor are at the disposal of UEFA member associations upon request.

Certain figures from the previous year have been reclassified for comparision purposes and greater transparency.

Notes and explanations to the income statement of UEFA

In compliance with the Swiss Code of Obligations, no additional notes and explanations to the income statement of UEFA need to be disclosed.

To the Congress of

Lausanne, 3 December 2020

Union des Associations Européennes de Football (UEFA), Nyon

Report of the statutory auditor on the financial statements

As statutory auditor, we have audited the financial statements of Union des Associations Européennes de Football (UEFA), which comprise the balance sheet, income statement, cash flow statement and notes, pages 32 to 37, for the year ended 30 June 2020.

Executive Committee's responsibility

The Executive Committee is responsible for the preparation of the financial statements in accordance with the requirements of Swiss law and the company's articles of incorporation. This responsibility includes designing, implementing and maintaining an internal control system relevant to the preparation of financial statements that are free from material misstatement, whether due to fraud or error. The Executive Committee is further responsible for selecting and applying appropriate accounting policies and making accounting estimates that are reasonable in the circumstances.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Swiss law and Swiss Auditing Standards. Those standards require that we plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers the internal control system relevant to the entity's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control system. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of accounting estimates made, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements for the year ended 30 June 2020 comply with Swiss law and the company's articles of incorporation.

Report on other legal requirements

We confirm that we meet the legal requirements on licensing according to the Auditor Oversight Act (AOA) and independence (art. 69b CC in relation to art. 728 CO) and that there are no circumstances incompatible with our independence.

In accordance with art. 69b CC in relation to art. 728a paragraph 1 item 3 CO and Swiss Auditing Standard 890, we confirm that an internal control system exists, which has been designed for the preparation of financial statements according to the instructions of the Executive Committee.

We recommend that the financial statements submitted to you be approved.

Ernst & Young Ltd
