

## Special rules applicable to the EURO 2020 final tournament due to COVID-19

1. Should a group of players of a team be placed into mandatory quarantine or self-isolation following a decision of a competent national/local authority, the match will go ahead as scheduled as long as the team has at least 13 players available (including at least one goalkeeper), irrespective of any other provision of the relevant competition regulations (including the deadline for the submission of the list of players), provided that all players are eligible to represent the national team in accordance with Art. 46 of the competition regulations and have been tested negative as required by the UEFA Protocol. Any additional player called up to meet the minimum of 13 players requires that an equivalent number of quarantined players are definitively withdrawn from the 26 players list.
2. If a national association is not in a position to field a team with the above-mentioned minimum number of players (i.e. 13 including at least one goalkeeper), the match may, if possible (i.e. subject to viable rescheduling options being available), be rescheduled within the next 48 hours of the date of the relevant match by the UEFA administration, which shall also have the power to assign the rescheduled match to an alternative venue.
3. If the match cannot be rescheduled, the UEFA Control, Ethics and Disciplinary Body (CEDB) will take a decision on the matter. The national association that is responsible for the match not taking place will be declared by the UEFA CEDB to have forfeited the match and will be considered to have lost the match 3-0.
4. If any member of the appointed referee team for a match tests positive for COVID-19, UEFA may exceptionally appoint replacement match officials who may be of the same nationality as one of the national associations concerned and/or may not be on the FIFA list.
