**Specific Operational Provisions and Guidelines applicable to:
UEFA Youth Competition Matches v4
UEFA Futsal Matches v5**

Dear Sir or Madam,

Following the introduction of the UEFA Return to Play Protocol v6 (RTPP v6), sent out with Circular Letter No. 05/2022 on 3 February, the two sets of Specific Operational Provisions and Guidelines Applicable to UEFA Youth Competition Matches and to UEFA Futsal Matches have been revised accordingly.

The main differences are as follows.

- If needed, visiting teams must now provide their own self-administered lateral-flow antigen tests for mini-tournaments. If a team has any issue sourcing these tests or transporting them to the host country, they should contact the host association, which will help them source sufficient tests at retail price.
- The testing changes for non-vaccinated persons (PCR test only accepted) have been aligned into the Specific Operational Provisions

As a reminder, if the measures imposed by the competent authorities are stricter than RTPP v6 and the youth or futsal specific operational provisions and guidelines, the local authority measures will apply. In addition, please note that the Annex to the youth and futsal regulations, "*Special rules applicable to mini-tournaments due to COVID-19*", remains unchanged.

We thank you in advance for your cooperation.

Yours faithfully,

U E F A

Theodore Theodoridis
General Secretary
