

CONTAINER SUPPLY FOR UEFA EURO 2024™

Phase 1: Request for Information

1. Introduction

From 14 June to 14 July 2024 the final tournament of the UEFA European Football Championship in 2024 ("UEFA EURO 2024™") will be held in Germany. In ten (10) German host cities (as shown in figure 1 below) fifty-one (51) matches will be played.

UEFA, together with any of its subsidiaries (in particular, including EURO 2024 GmbH), wishes to select one or several company(ies) for the provision of containers as described in detail below for all host cities, whereas host cities shall mean in particular the ten (10) stadia where the matches will be played as well as other venues within the respective host cities (e.g. the International Broadcaster Center in Leipzig) (the "Services").

The selected company(ies) will be responsible for the provision of containers on a rental basis, including but not limited to the following key elements:

- planning and lay-outing of container structures, including site visits of the venues involved;
- provision of technical documentation, stability calculations and other required documents in order to receive approval by the local authorities;
- transports to and from the respective final locations at each venue;
- Setup and dismantling;

The rental period for all containers is foreseen to be approximately four (4) months, beginning end of March 2024.

Figure 1: Map of UEFA EURO 2024™ Host Cities

The containers required are split into four different types and may differ in numbers and general requirements per venue:

1. **Module 1:** Technical container rental only (20 feet office containers with very specific requirements in terms of additional air-conditioning, heavy load flooring, double doors, cabling holes, cabling trays mounted on the ceiling etc.), potentially double stack buildings;
2. **Module 2:** Standard 20 feet office container and standard storage container rental only, potentially double stack buildings;
3. **Module 3:** Ticketing or Accreditation center facility which consist of different numbers of containers that need to be set up as one big building including floor levelling, wheelchair ramps, internal divider walls, separable internal rooms, power sockets etc;
4. **Module 4:** Toilet container rental only, different sizes and layouts

A first overview of the required container numbers and types can be seen in the preliminary overview below:

	Module 1 Technical Container	Module 2 Office & storage Container	Module 3** ACCR and TICK center	Module 4 Toilet Container
Average per venue	23	51	see below	6
Total expected*	237	525	3	60

*) Including buildings at International Broadcast Center at LEI.

Numbers show the actual planning status. All numbers may change in the course of the planning phase.

***) Structures consist of usually 27 containers each.

For such purposes, UEFA intends to organise a tendering process (“Tender”). The bid must include all modules of either one of the two regional clusters (see cluster split below) or all ten host cities.

*** In deviation from the above mentioned rental period, the rental period for the Final Draw in Hamburg will be app. 3-4 weeks around December 2023 (exact date tbc)

2. The Selection Process

The process for the selection of company(ies) for the provision of container Services, as currently planned, is divided into two-phases:

- Phase 1 – Request for Information (“RFI”): the initial, pre-Tender phase during which UEFA collects information regarding the candidate(s) based on which it evaluates eligibility of such candidate(s) to participate in Phase 2;
- Phase 2 – The Tender: the Request for Proposals (“RFP”) which will set forth all applicable terms and conditions for the Tender and a detailed overview of the requested Services will be sent out to the selected candidate(s) following the RFI (and/or to any other entities invited by UEFA), during which UEFA will evaluate proposals and subsequently select and appoint a qualified company(ies) for the provision of the Services.
