Registration procedures for the 2022/23 UEFA club competitions

2022/23 registration procedures for the UEFA Champions League, UEFA Europa League, UEFA Europa Conference League and UEFA Youth League

Please find below detailed information concerning the above registration procedures, which have not changed from previous seasons.

In order to check the eligibility of each participating club, a pre-registration procedure is applied, followed by the final registration. This means that, by the specified pre-registration deadline, each national association must send UEFA the admission criteria forms for all clubs that have qualified or could potentially still qualify for UEFA club competitions by that date. Then by the final registration deadline, the other entry documents (i.e. official entry form) must be sent to UEFA or completed online (i.e. playing attire) for all the clubs that have actually qualified.

All entry documents (official entry form and admission criteria form) and further information can be downloaded from the [Documents](#) section of UEFA TIME. Details of how to access TIME and give access to your clubs can be found in Enclosure 5 of this circular. For information on stadium matters, please refer to the Club Competitions 2022/23 Stadium Venue Announcement that was sent to the stadium contacts of each national association by email on 25 March.

The pre-registration and final registration procedures are explained in detail below. Please adhere to all the deadlines indicated.

1. Pre-registration – 13 May 2022

National associations must submit the following form as a **manually countersigned PDF** of the original document (*colour copy, if possible; signed by hand; no electronic signatures*) to entry@uefa.ch by **13 May** at the latest:

- An **official admission criteria form (UEFA club competitions 2022/23)** completed in full for each club that has qualified or could potentially still qualify for the UEFA Champions League, the UEFA Europa League, the UEFA Europa Conference League and the UEFA Youth League. One form must be submitted for each club, whether they are participating in the UEFA Youth League only or are entering both the UEFA Champions League, UEFA Europa League or UEFA Europa Conference League and the UEFA Youth League.

Regarding the admission to UEFA's club competitions, please refer to the criteria and procedures set out in Articles 3 and 4 of the regulations of the various competitions. The access list, which applies the coefficient ranking system to determine admission to these competitions, is included in Annex A to these regulations.

Please be aware that all submissions for the pre-registration phase are to be regarded as provisional, until the admission criteria listed in the competition regulations have been fulfilled, at the latest by the final registration date. This also applies, for example, to clubs whose season is over, but which have not completed the licensing process, i.e. licences have not yet been granted.

Registration procedure for the 2022/23 UEFA club competitions

In the case of any unforeseen events, that have a direct effect on the preparation or start of the 2022/23 UEFA Champions League, the 2022/23 UEFA Europa League, the 2022/23 UEFA Europa Conference League or the 2022/23 UEFA Youth League season, please immediately inform UEFA (entry@uefa.ch) of any impact, irregularity, change or delay to your domestic competitions.

2. Final registration – 1 June 2022

The following must be submitted by the deadline of **1 June**:

- The **official competition entry form**, listing all the clubs that have qualified for the UEFA Champions League, the UEFA Europa League, the UEFA Europa Conference League and the UEFA Youth League (see below). The national associations must submit the form as a **manually countersigned PDF** of the original document (*colour copy, signed by hand; no electronic signatures*) to entry@uefa.ch by **1 June** at the latest. Please make sure the club names are correct, as these will be used for all purposes relating to the UEFA club competitions. Please also note that national associations that are unable to send the results of their domestic league and cup competition(s) by 13 May must submit them by 1 June to confirm which clubs have qualified for the above-mentioned competitions.
- Each team that has qualified for the UEFA Champions League, the UEFA Europa League, the UEFA Europa Conference League and the UEFA Youth League must **register their playing attires** in the TIME KIT platform by the deadline, including the approval of their national association. For more information regarding playing attire registration and the TIME KIT platform, see Enclosures 2 and 5 of this circular letter.

With regard to the official registration for the **UEFA Youth League** in particular, please note the following:

- On entering the 2022/23 UEFA Champions League (on submission of the official competition entry form by their national association), clubs agree that if they qualify for the group stage, to also take part in the 2022/23 UEFA Youth League (UEFA Champions League path) in accordance with the competition regulations. See Articles 3 and 4 of the Regulations of the UEFA Youth League 2022/23 and Article 6.01(p) of the Regulations of the UEFA Champions League 2022/23.
- When submitting the official competition entry form, the national associations must **confirm the age category** of their domestic championship that gives access to the UEFA Youth League 2022/23. Please note that this age category was confirmed last year for the entire 2021-24 cycle and therefore needs to be the same for the 2022/23 season.
- All domestic youth champions that have qualified for the UEFA Youth League (including clubs whose senior team has qualified for the qualifying rounds or play-offs of the UEFA Champions League, or for the qualifying rounds, play-offs or group stage of the UEFA Europa League or UEFA Europa Conference League) must be listed on the official entry form.

Registration procedure for the 2022/23 UEFA club competitions

- In accordance with Articles 3.03 to 3.05 of the 2022/23 UEFA Youth League Regulations, if the domestic youth champion of one of the 32 best-ranked associations has also qualified for the competition through the UEFA Champions League, it will enter the UEFA Champions League path of the UEFA Youth League, while the first place in the domestic champions path will be vacated and filled by the UEFA Youth League titleholder unless they have otherwise qualified. Any additional vacancy will be filled by the next association in the coefficient rankings whose domestic youth champion has not already qualified (see Annex A of the UEFA Youth League Regulations). Consequently, associations ranked 33 or below who are interested in entering a domestic youth champion in the UEFA Youth League are invited to complete the form(s) accordingly. However, participation is subject to the principles set out in Articles 3.03 to 3.05 of the UEFA Youth League Regulations. The final access list for the UEFA Youth League will be communicated to all parties only after the UEFA Champions League play-offs, when all the participants in both UEFA Youth League paths are known.
- If your domestic youth championship is not due to be completed by **1 June**, please inform the UEFA administration immediately by email to entry@uefa.ch.

In line with the final registration deadline of 1 June, each club participating in the 2022/23 club competition season is asked to complete its TIME Organisation Profile and Stadium Organisation Passport and keep it up to date in accordance with the instructions set out in the user guide. Further information can be found in circular letter 06/2021.

This information will be confirmed in due course, and your clubs will receive confirmation of all dates, times and venues prior to each draw.

Regardless of whether the draws are to be held in person or streamed live online, each club must appoint a competent representative to attend. They will be expected to sort out match arrangements (number of tickets available, safety, travel, hotels, etc.) with the opposing club directly, in person or virtually. If a club representative is not available, the club must authorise someone else (an association representative, a UEFA committee member or an authorised representative of another club from the same country) to liaise on its behalf. If an association representative has to represent one of its clubs, the UEFA administration must be informed accordingly, in writing, at least three days prior to the draw.

The draw invitations and further information regarding each draw, the set-up, attendance and whether physical presence is needed will be sent to the clubs in due course. In cases where club representatives are able to attend a draw in Nyon, they are requested to book their own hotel rooms. Club and association representatives who need invitations to obtain a visa for Switzerland should submit a written request to the UEFA administration at least two weeks before the draw in question, including the following information: name, function, date and place of birth, nationality, passport number, date of issue and expiry of passport, and requested dates for the person's stay.

5. Stadium matters

For each venue proposed, all sections of the TIME Stadium Passport must be updated by the national association and club concerned. Each participating club has direct access and editing rights to their own Stadium Passport.

All venues must hold valid safety, floodlight and, when applicable, artificial turf certificates, covering the entire period of the competition. The national association is responsible for checking and confirming the validity of the safety certificate in the 'Safety' section. The certificates must be uploaded to the Stadium Passport by the following deadlines:

- Safety certificate
 - One month before each draw involving the club concerned
- Floodlighting certificate
 - One month before each draw involving the club concerned
- Artificial turf certificate
 - 1 June
 - UEFA Champions League, UEFA Europa League and UEFA Europa Conference League
 - 29 July
 - UEFA Youth League

Failure to provide valid certificates will result in the venue not being approved.

6. Anti-Doping & Medical Matters

With regard to anti-doping matters, please refer to Article 8 of the 2022/23 regulations of the UEFA Champions League, UEFA Europa League, UEFA Europa Conference League and UEFA Youth League, as well as the 2021 UEFA Anti-Doping Regulations.

As was the case last season, out-of-competition controls will be conducted by UEFA. Further information on this will be sent to you in due course.

In 2019 UEFA launched a concussion awareness campaign to educate players, coaches, referees, doctors and the general public about the dangers of concussion in football. With this in mind, and as a further step towards protecting the health of players, the UEFA Medical Committee has prepared a Concussion Charter to be signed by a club representative, the head coach and the team doctor of each participating team. A circular letter will be sent out in due course, requesting that the signed charter is sent to medical@uefa.ch. Further information on the process, other medical issues, including medical regulations and minimum medical requirements will be provided in that same circular letter. If there are any medical questions in the meantime, please send them to medical@uefa.ch.
