### UEFA Share: Registration for seasons 14 and 15

Dear Sir or Madam,

The fourteenth season of the UEFA Share will start in October, and we would like to take this opportunity once again to thank all member associations for their enthusiasm and involvement in this programme.

The new cycle will provide each national association with the opportunity to attend eight different seminars on the following topics:

- **Coach education:** fitness for football, goalkeeping
- **Women's football:** girls' football, women's football competence framework
- **Grassroots football:** club development, flexible formats and player pathway, disability football
- **Technical leadership:** Technical directors information exchange

If they so choose, associations may register for all topics; however, they may select only those they are interested in.

The UEFA Share guidelines have been updated for the new cycle and are enclosed. They provide further information about the seminars together with the responsibilities of the hosting and visiting associations. Please read the guidelines carefully and register at the following URL by Friday 12 August:

<https://response.questback.com/uefa/registrationshare22-24>

Once registration closes, we will compile the associations' availabilities before contacting you again to confirm the dates and arrange the first round of visits.

We thank you in advance for your cooperation, understanding and flexibility and trust that we can count on your continued commitment to this programme.

---

Please contact us at [football.education@uefa.ch](mailto:football.education@uefa.ch) should you have any questions about this programme.

Yours faithfully,

**U E F A**

Theodore Theodoridis  
General Secretary
