**FSR Manager Community meeting
18-20 October 2022, Coverciano/Florence**

Dear Sir, dear Madam,

In December 2021, we published UEFA's Football Sustainability Strategy 2030 "[Strength Through Unity](#)". Numerous initiatives have been implemented since, in partnership with sponsors, global institutions, experts, NGOs, clubs – and, most importantly, our national associations. The cooperation with our members is a key aspect of our work and strengthens the foundation of UEFA's Football Sustainability goals.

For season 2022/23, each national association appointed an official FSR Manager. The next milestone for our members is to have their approved domestic Football Sustainability strategy in place. This is also a requirement stipulated in the HatTrick V regulations, for season 2023/24.

To accelerate this process, we invite all officially appointed FSR Managers to gather as follows:

**Tuesday 18 October – Thursday 20 October 2022
FIGC Technical Centre, Coverciano/Florence**

During this meeting, we will present the work of associations currently participating in our strategy pilot group, and explore how we can best support all other members throughout the strategy development process.

My team has already gotten in touch with your FSR Manager to discuss logistical matters. Once their travel arrangements have been made, we ask them to please register [via this link](#), **by 16 September**.

UEFA will cover your delegate's airfare in economy class, local transport, accommodation and meals. Please send all enquiries to fsr@uefa.ch. Thank you.

We look forward to welcoming your FSR Manager to Coverciano next month.

Best wishes,

U E F A
