THE TROPHY

The UEFA Europa League trophy weighs 15kg, stands 65 cm high and is silver on a yellow marble plinth, which carries the names and flags of the UEFA Cup and UEFA Europa League winners.

It was designed by Swiss artist Alex W. Diggelmann and crafted by the Bertoni workshops in Milan for the 1972 final. Unusually, it has no handles, its beauty lying in its simplicity. Just above the plinth, a group of players seem to be jostling for the ball. In fact they are supporting the octagonal cup which is emblazoned with the UEFA emblem.

While the trophy itself has not changed during the shift from UEFA Cup to UEFA Europa League, the regulations pertaining to it have. Previously, the original UEFA Cup was kept by the winners for 11 months, before being ceremoniously handed over to the host city of the next final. The holders were also entitled to keep a four-fifths size replica to celebrate their achievement. Under the UEFA Europa League regulations, the original trophy stays with UEFA and a full-size replica is presented to the winning club to keep.
