UEFA Share: Registration for seasons 16 and 17

Dear Sir or Madam,

For over a decade, UEFA Share has supported football development in Europe by providing opportunities for exchanging technical knowledge among the coaches, coach educators and technical staff of UEFA member associations.

This means that since its launch in 2008, the programme has enabled more than 14,000 technicians and educators to exchange and continually develop their knowledge and skills.

We would like to thank you once again for your enthusiasm and involvement in this programme.

In the new cycle (2024–25 and 2025–26), all associations will be required to attend five seminars on following topics:

- **Coach education**
 - Further education (for coaches and coach educators)
- **Women's coaching**
 - Women's football coach development
- **Grassroots football**
 - Grassroots manager development (2 seminars)
 - Football in schools and club development

In addition to the compulsory seminars listed above, associations can choose from the following optional technical topics:

- **Coach education**
 - Goalkeeping
 - Fitness for football
 - Futsal

- **Women's coaching**
 - Elite youth player development
- **Elite youth football**
 - Scouting and talent identification
- **Performance analysis**
 - Match analysis

If they so choose, associations may register for all optional topics; however, they may select only those of interest to them.

The UEFA Share guidelines have been updated for the new cycle and are enclosed. They provide further information about the seminars together with the responsibilities of the hosting and visiting associations. Please read the guidelines carefully and register at the following URL by Friday 31 May:

<https://response.questback.com/uefa/registrationshare24-26>

Once registration closes, we will compile the associations' availabilities before contacting you again to confirm the dates and arrange the first round of visits.

We thank you in advance for your cooperation, understanding and flexibility and trust that we can count on your continued commitment to this programme.

Please contact us at football.education@uefa.ch should you have any questions about this programme.

Yours faithfully,

U E F A

Theodore Theodoridis
General Secretary
